TIS Mustang’s Monday Memo:

From the Administration:

Sage testing is well underway. Our students have been outstanding in bringing their computers and being ready to test. Thank you Students and Parents! We are testing in Math this week. We have shown growth in Language Arts and Science and met our Community Council’s goal of improving our overall scores by 5%.

Summer School begins June 13 - July 21, Monday - Thursday 9:00-12:00. We are accepting incoming Kinder - 6th. Kinder students only qualify if they are a current preschoolers this year. If you are in 6th grade currently, this program is not available for your student. The dual immersion summer program is integrated with summer school and students can register on the same application, however, only existing dual immersion students will be accepted into the summer program. Immunizations are required by all students, if they are not on file then parents need to provide them at the time of registration. More information about how to register for Summer School is on the District webpage. www.wasatch.edu

All families that have a 5th grade student, we have sent home a letter informing you of the changes that will be starting for next year’s 6th grade. In particular we will be running more of a middle school model for scheduling. If you did not see this letter we have added a link on our school webpage. www.wasatch.edu/timp

One more item. Wasatch County SD is implementing a new text messaging system to get information out to parents. Please go to our website and it will explain all the details of how to OPT IN for text messaging. www.wasatch.edu/timp

From the PTA:
