From the Administration:

Sage testing is well underway. Our students have been outstanding in bringing their computers and being ready to test. Thank you Students and Parents! We are testing in Language Arts this week.

Summer School begins June 13 - July 21, Monday - Thursday 9:00-12:00. We are accepting incoming Kinder - 6th. Kinder students only qualify if they are a current preschoolers this year. If you are in 6th grade currently, this program is not available for your student. The dual immersion summer program is integrated with summer school and students can register on the same application, however, only existing dual immersion students will be accepted into the summer program. Immunizations are required by all students, if they are not on file then parents need to provide them at the time of registration. More information about how to register for Summer School will be coming. Watch for emails and flyers to come home.

Students will need a set of earphones for testing, please have them bring them to school for SAGE testing. If you would like to purchase earphones from the school, they are $1.00. They can be purchased at the front office.

All families that have a 5th grade student, we will be sending home a letter/email informing you of the changes that will be starting for next year’s 6th grade. In particular we will be running more of a middle school model for scheduling. Please watch for that to come home.

One more item. Wasatch County SD is implementing a new text messaging system to get information out to parents. Please go to our website and it will explain all the details of how to OPT IN for text messaging. www.wasatch.edu/timp
