Drop Off Procedures

- Drop off zone is along the sidewalk from the big pine tree on the west to the crosswalk on the east. Students should exit the vehicle on curb side.
- Exit the vehicle the first time the driver stops.
- Drivers are to pull forward as far as possible before stopping.
- In the parking lot, students are to be escorted by the adult from the vehicle to the crosswalk. Everyone should be crossing only at the crosswalks. We discourage people from walking through the landscaping or jaywalking.

Pick Up Procedures

* Pick up along the curb from the pine tree on the west to the east crosswalk. Students enter the vehicle on the curb side.
* In the parking lot, an adult MUST meet the student at the crosswalk to walk with them through the parking lot to the car.

NOTE: Students walking home are to walk along the sidewalk passing the stadium. They may use the first crosswalk to cross over to the grass or go all the way to the stop sign on 600 South. Then follow instructions of that crossing guard.
