

**Digital Etiquette**, also known as netiquette;

the basic rules that are expected be followed when using the internet. How we treat people in real life should be the same as online. Watch the video by scanning the QR Code:

**Digital Tools at Midway Elementary.** Some of the programs, digital tools, and websites that are being used at Midway Elementary. Scan the QR Code:

## Digital Conversion Going Forward

Midway Elementary is committed to the safe use of technology in the school and classroom. Our Library-Media teacher covers lessons on digital citizenship. She uses resources from Common Sense Media.

Digital Citizenship Curriculum	K - 2			3 - 5

The State of Utah has provided the following websites to assist parents in understanding Internet safety. To help parents and students understand why Internet Safety expectations are in place in schools:

**Safe Kids** (<http://www.safekids.com>) – resource with information about online safety and civility.

### Net Safe Utah

(<http://www.netsafeutah.org>) – tools to help families communicate about online safety and positive online experiences.

### Common Sense Media

([www.commonsensemedia.org](http://www.commonsensemedia.org)) – Internet Safety lessons for students, teachers, and parents.

# Midway Elementary Digital Conversion

Digital Conversion has never been a “technology” project. Rather, the purpose is to improve academic achievement for every student. Students have access to a digital curriculum and digital resources to enhance and individualize learning. Digital Conversion supports Midway’s amazing teachers by providing additional resources to help every student learn at a deeper and richer level.

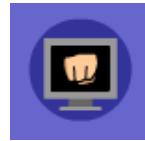

To ensure the online safety of students; a plan has been created to provide training to teachers and students on digital citizenship.

**Our goal** is to educate Midway students about appropriate behavior online, appropriate interactions with teachers, students, or other individuals on the Internet; increase awareness on cyber bullying; and empower students to make choices online that are both smart and positive.

For a direct link to the Midway Elementary Digital Citizenship Week scan the following code:

Read through this pamphlet with your student and watch the videos or do the activities from the QR Codes.

### Internet Safety

The small ways in which students can be safe online. Please watch the video by scanning the QR Code:

### Cyberbullying,

when a student is threatened, harassed, humiliated, embarrassed or otherwise targeted by another student using digital tools. Please watch the video about Cyberbullying:

### Digital Footprint

Each time we go online we leave a “digital footprint.” Watch the video by scanning the QR code:

**Activity** Download the picture of the footprint and put acceptable online sites inside the footprint and

inappropriate things online outside the footprint. Scan the QR Code for the blank footprint:
