

GATE Homework

This week you will need to find examples of the 3 types of text connections we have been talking about in class in your book. You can get them from ANY chapter of the book we've read so far.

*Text to Self: a connection between the story you are reading and your own experiences

*Text to World: a connection between the story you are reading and what is happening in the world around you

*Text to Text: a connection between what you are reading and something else you have read

Here's an example:

REMEMBER THE PAGE NUMBER!

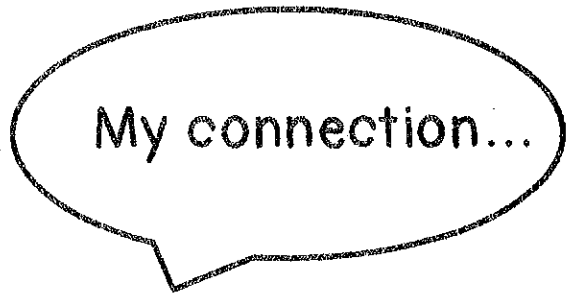

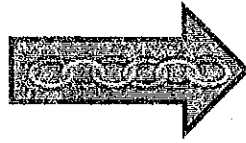

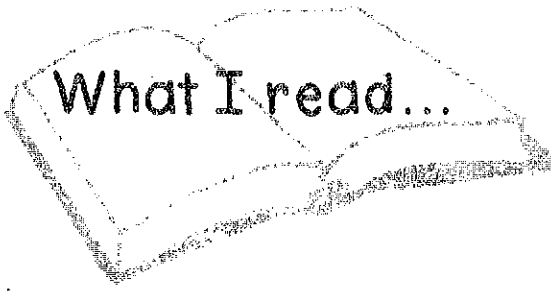

What I Read:

On pg. 4, Mr. Harvey is angry that the kids are watching him dig the cesspool for their new water closet. He doesn't like kids at all.

My Connection:

I'm having a text to self connection because there used to be a man, Mr. Miller, who lived in my neighborhood and he didn't like kids either. If we got near his yard, he would shout at us, just like Mr. Harvey.

Homework is due by Friday. If you don't turn it in, you will need to complete it in class, therefore missing whatever activity we'll be doing that day.

Lined writing area for 'What I read...'.

Lined writing area for 'My connection...'.
